Join Us for Rare Disease Day at NIH!

9 a.m. – 5 p.m. EST

Learn more and register: <https://ncats.nih.gov/rdd>

Attend in person: NIH Main Campus, Natcher Conference Center

Watch: <https://videocast.nih.gov/watch=46435>

Check out the event app for additional activities: <https://app.hopin.com/events/nih-rare-disease-day-2023>

Sponsored by the National Center for Advancing Translational Sciences and the NIH Clinical Center

This year's hybrid event will feature personal and scientific stories from rare disease patients, researchers and advocates, as well as sessions on the following topics:

- NIH resources for rare disease patients
- Meeting the needs of adolescent and young adult rare disease patients
- Genetics, gene-targeted therapies, and diversity, equity, inclusion, and accessibility
- Rare diseases therapeutics and the role of advocacy and industry collaborations

Other activities include:

- A variety of rare disease stories
- In-person and virtual exhibits and scientific posters by rare disease groups and others
- Networking

National Institutes of Health
Turning Discovery Into Health

Individuals with disabilities who need reasonable accommodations to participate in this event should contact Ashley Cornett at ashley.cornett@icf.com.
